Can you imagine an opulent décor and grandeur of your drawing room having mirror glossed marble absolutely Scratchless!

Our Executive Range specially meant for all Italian Beige variety like Bottachino, Parlato, Demartino, Travertine and even Turkish and Omani Beige.

”

About us

Our Company has entered into a partnership with MARBLE MAGIC a part of Rockmet Corporation Group who are a leading company in UAE specialising in Polishing/repolishing, Grinding /regrinding and restoration.

We guarantee mirror polish, zero lippage, homogeneous sparkling floors using a natural process with a complete set of diamond tools imported from Italy and with minimum use of artificial chemicals of all types of floors.

We are in technical collaboration with FISA S.R.L. Italy who are having over 50 years of experience in stone restoration and

preservation. Our Highly trained staff have experience s of over 8-10 years in working at high End residentials and apartments.

Our pricing also is cost effective depending on the type of stone, extent of lippage and cracks and the quality of existing surface.

Our principals have undertaken various prestigious projects in the UAE Mayden Race Course, Dubai Mall, Villas and palaces at Palm Jumeira and Emirates Hills.

We welcome an opportunity to provide our unique services and technology which is unmatched in the country.

The advantages of our state-of-the-art diamond technology are

- Extra mirror polish, smooth finish and protection for floors and walls with state-of-the-art diamond polishing systems which result in cost savings due to ease of maintenance and long life of shine.
- Remove lippage around joints resulting in homogenous and sparkling surfaces.
- Highly skilled, professional operators trained by Italian experts from FISA s.r.i. who have over 50 years of experience in the restoration and preservation of nature stone floor.
- Restore Natural Beauty and shine of marble, granite, limestone, terrazzo and reconstituted stone without the use of chemicals.
- Provide different types of protection for stain, water resistance and colour enhancement.
- Provide conveniently priced maintenance packages for regular cleaning, maintenance and care.

New Floors: Most newly laid floors have slight lippage, unevenness and minor scratches from construction traffic during installation. Stone restorations will completely remove lippage and provide a beautiful sparkling homogenous floor.

Stone Restorations technicians will make a site visit to assess type of treatment required.

For large jobs Stone Restorations will conduct a free trial on a small area to illustrate the finished surface after treatment.

Stone Restorations experts will advice on procedures for regular care and maintenance after treatment.

Old Floors: Stone Restorations provides major cost saving by enlivening old marble and granite floors where polish has worn and surface scratched. Stone Restorations restores the old floors to its original resplendent colour with enhanced Lustre, Veins, grain structure and sparkling finish.

“ Commercial Range ”

Very Competitively priced total packages right from Installation, grinding and Polishing to protective coatings specially meant for malls, Auditoriums and large projects being handled by builders, Architects and PMCs.

We also do Wall Claddings, outside facades of Granite, Sandstones and Slates. ”

We also do concrete polishing
